

Use of Food and Drink in the Classroom/Birthday Treats

Dear Parents and Carers

We will be using/consuming foods and/or drinks in class as part of the teaching curriculum this year adhering to the Melville Primary School Food and Drinks Policy and Anaphylaxis Policy that encourage healthy options.

Additionally, 'birthday treats' are often brought in to distribute to the class members at the end of the day. We also encourage the provision of healthy option treats in line with the MPS Food and Drinks Policy and Anaphylaxis Policy.

Please complete the form below and return to the class teacher.

If your child is not permitted to

- consume foods/drinks in class as part of the teaching curriculum
- receive the 'birthday treats' brought in by other students we will then need to meet to discuss alternative arrangements/options to facilitate inclusion of your child in these activities.

Yours sincerely

Class Teachers

Student Name _____ Class _____

I give permission for my child _____ (name) to

- Consume foods/drinks in class as part of the teaching curriculum
- Receive the 'birthday treats' brought in by other students
- I would like to make an appointment to discuss alternative arrangements.
